Fiscal Year Calls for Service

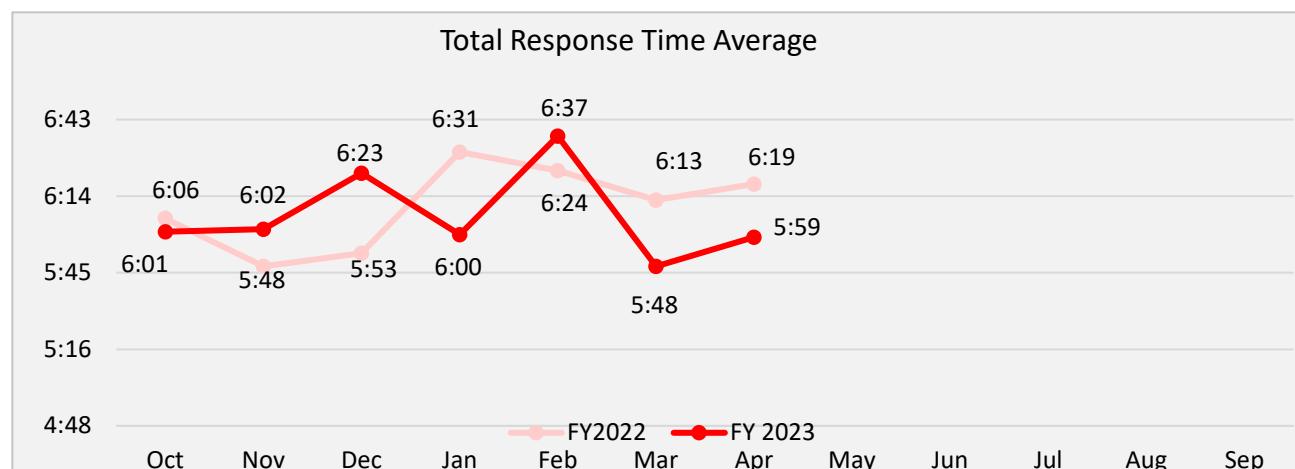

PROSPER FIRE RESCUE

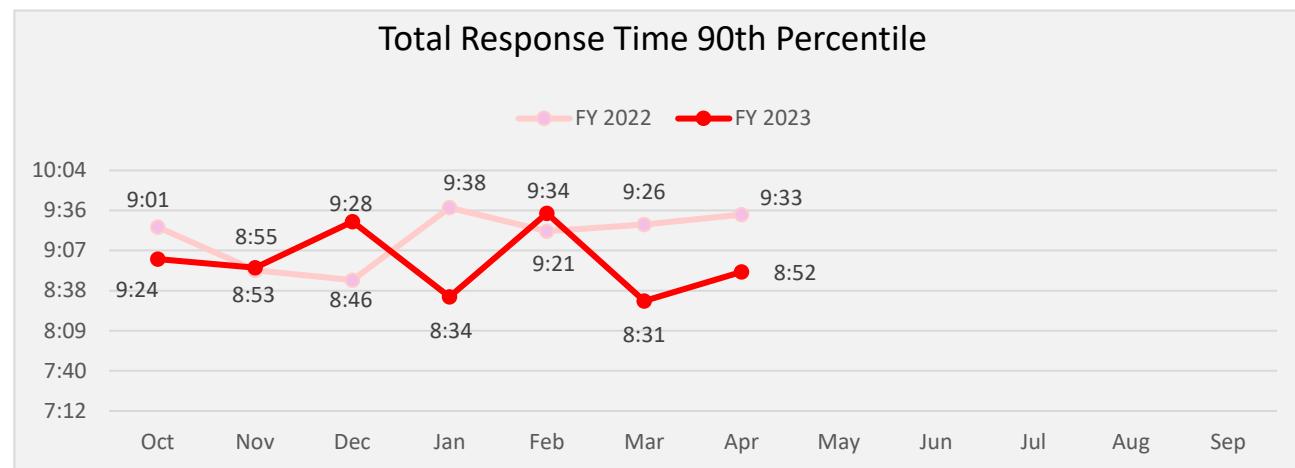

*FD Response Time

Response time that is Dispatch to Arrival. This includes FD turnout time and travel time to the scene.

*Total Response Time

Response time that is Alarm to Arrival. This included when the call was answered by dispatch to arrival on scene.

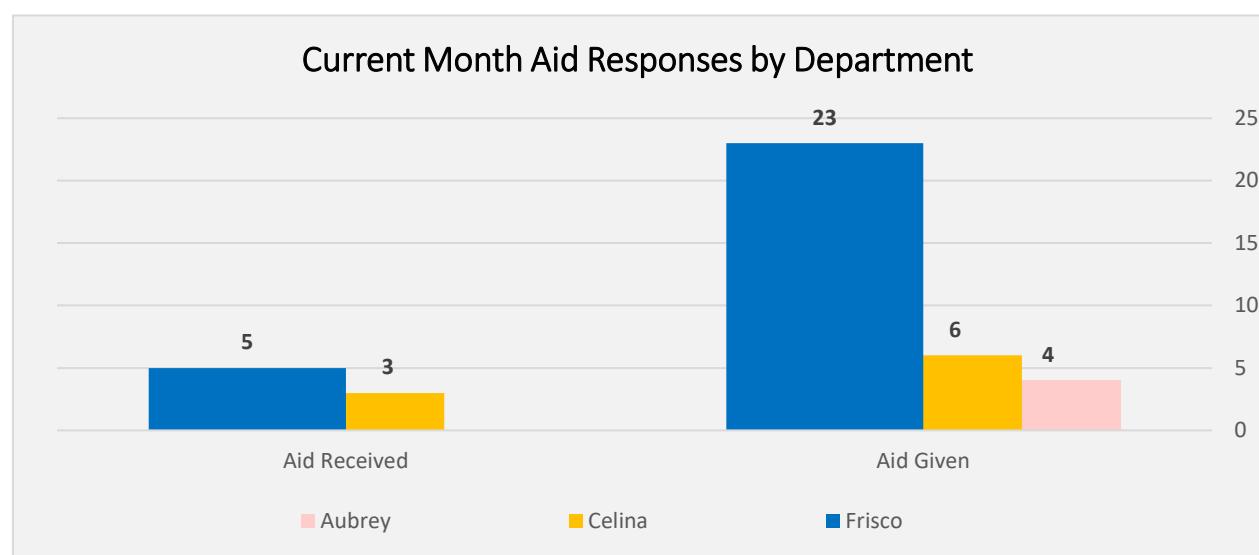

*90th Percentile

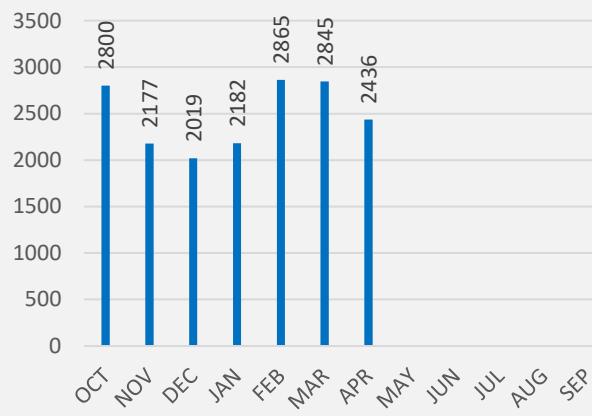

Performance measurement is based on the 90th percentile which means that we find the time that occurs at 90% for the range of values being studied. If a 90th percentile baseline is reported as 6:42 (6 minutes, 42 seconds), that means that 90% of the response times were at or better than 6:42. One should avoid misinterpreting 90th percentile performance as meaning this is the performance that occurs 90% of the time.
