TxDOT will conduct a **Meeting of Affected Property Owners (MAPO) to discuss and receive public comments on a new alignment segment added to the feasibility study in East Prosper and west of McKinney.** You are receiving this notice because your property is located within 1,000 feet of a new alignment segment.

This MAPO is part of the TxDOT feasibility study for improvements to US 380 through Collin County. The purpose of the study is to analyze potential roadway options for US 380, including improving the existing alignment or utilizing a new alignment. Alignment options could require additional right-of-way to accommodate the project. This meeting will only focus on the new alignment segment. Public meetings regarding the full study area are anticipated for late spring 2019.

The MAPO will be held in an open house format with no formal presentation. Representatives from TxDOT and project consultants will be available to answer questions about the possible changes to the proposed project improvements. The meeting date, time, and location is listed below.

**6:00 p.m. to 8:00 p.m.**
