March 14, 2016

To the Honorable Mayor, Members of Town Council, and
Citizens of the Town of Prosper, Texas

The Town's management staff is pleased to submit the Comprehensive Annual Financial Report ("CAFR") of the Town of Prosper ("Town") for the fiscal year ending September 30, 2015. The Town's management assumes responsibility for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures. To the best of our knowledge and belief, the enclosed data is accurate in all material respects. The data is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the Town. To enable the reader to gain an understanding of the Town's financial activities, all necessary disclosures have been included.

The Town is required to obtain an annual audit of the books of account, financial records, and transactions of all administrative departments of the Town. The Town's financial statements have been audited by Davis Kinard & Co. PC, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Town for the fiscal year ended September 30, 2015, are free of any material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was reasonable basis for rendering an unqualified opinion that the Town's financial statements for the fiscal year ended September 30, 2015, are fairly presented in conformity with Generally Accepted Accounting Principles ("GAAP"). The independent auditor's report is presented as the first component of the financial section of this report.

The CAFR is prepared in accordance with GAAP in the United States of America established by the Government Accounting Standards Board. The CAFR is presented in three sections: introductory, financial, and statistical. The introductory section includes this transmittal letter, the Town's organizational chart, and a list of principal officials. The financial section includes the management's discussion and analysis ("MD&A"), the government-wide and fund financial statements, notes to basic financial statements, required supplemental information, other supplemental information, as well as the independent auditors' report on the basic financial statements. The statistical section includes selected financial and demographic information which is presented on a multi-year basis.

The MD&A is a narrative introduction, overview, and analysis to accompany the basic financial statements. The MD&A can be found immediately following the independent auditors' report. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with the MD&A.

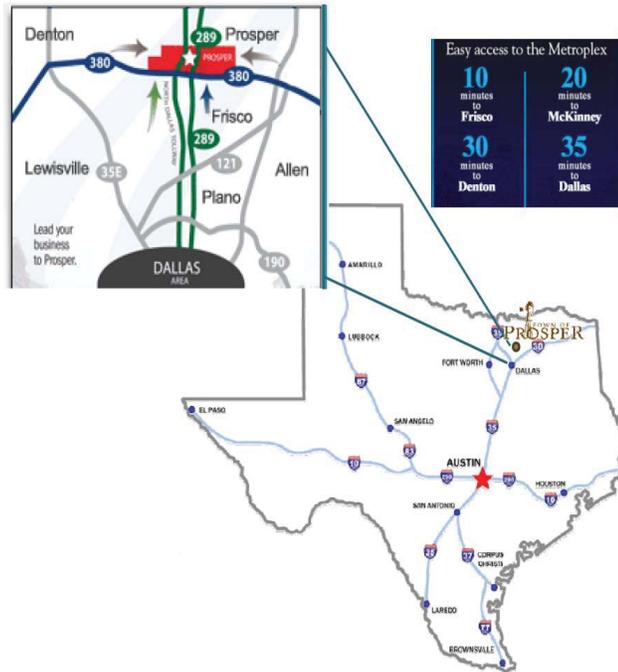

www.prospertx.gov

The Reporting Entity

The Town is a political subdivision and a home rule municipality under the laws of the state. A Home Rule Charter was approved by the voters of the Town at an election held November 7, 2006, and revised on May 14, 2011. The Town operates as a Council-Manager form of government with the Town Council comprised of the Mayor and six Council members. The term of office is three years. The Town Manager is the chief executive officer of the Town.

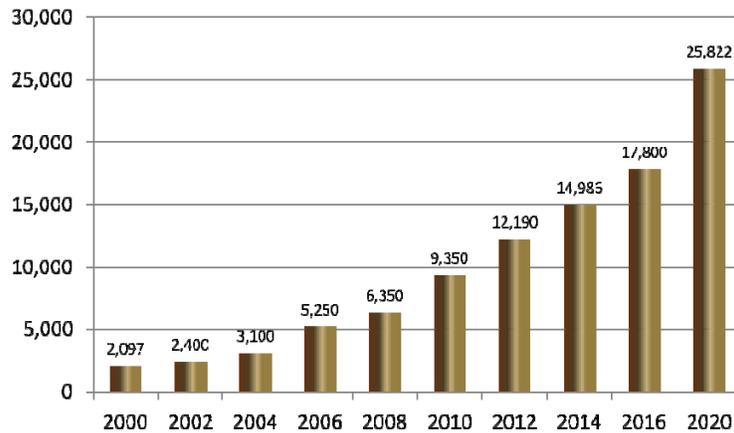

Services the Town provides include: public safety (police, fire protection, and dispatch), and municipal court, public streets, water/wastewater and storm drainage utilities, parks and recreation, library, public improvements, engineering, planning and zoning, building inspections and code compliance, economic development and general administrative services. Some services such as legal, information technology and solid waste/recycling are outsourced in full or in part to the private sector.

The Town is located in North Central Texas, and covers approximately 27 square miles of the Dallas/Fort Worth Metroplex ("DFW"). Prosper includes areas in Collin and Denton Counties, with most of the Town's population residing in Collin County. The Town is located at the crossroads of Preston Road and US Highway 380, and is just five minutes north of the bustling Dallas North Tollway cities of Frisco and Plano.

The Town is home to first rate education and state championship sports teams, picturesque ranches and other amenities. Access to the DFW area, coupled with a commitment to maintain a high standard of living has created rapid growth for the Prosper community. This pace is expected to increase sharply over the ensuing years.

The 2000 Census population for the Town was 2,097, and the 2016 estimate is 17,800.

Source: Population estimates to date are from North Central Texas Council of Governments. Future estimates are from Town of Prosper staff.

History of Prosper

Prosper began with the first settlers arriving in the area in 1846. Those who settled here were drawn to North Texas' fertile black prairie soil –perfect for thriving cotton crops in a time when cotton was "King". Between 1850 and 1902, two settlements coexisted. One community, two miles south of the present town, was Rock Hill. The second community, one mile north, was Richland. The development of these small communities was expedited in 1876 when County Courts ordered small tracts of land to be established for quick sale. These tracts, approximately 160 acres in size, were sold for \$3.50 per acre. Dr. A. T. Bryant of McKinney purchased one of the tracts, which later became the geographic nucleus for the Town of Prosper.

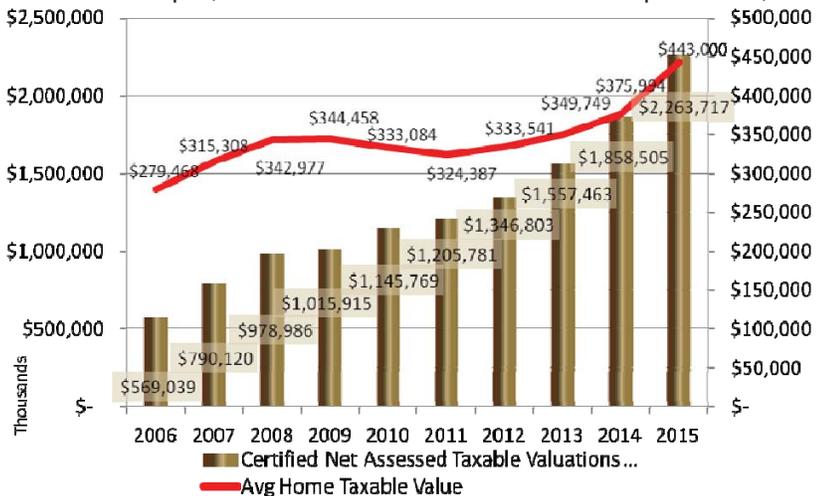

The establishment of the St. Louis & San Francisco Railroad in March of 1902 created the change that forced the communities of Rock Hill and Richland to merge forming the Town of Prosper. For years, Prosper was the central stop for the railroad between Dallas and Sherman. When community officials applied for a Post Office with the name "Richland", they were informed that city name was already taken. Postmaster B.J. Naugle asked for an alternative name and J.C. Slaughter suggested the name Prosper. A new name was adopted for the hybrid community - one that spoke of the prosperous living conditions and the prosperous crops harvested that year.

The Town of Prosper was incorporated in 1914 with a Commission form of government and a population of 500. U.N. Clary was Mayor and served in that position for 49 years. The introduction of the automobile sparked the evolution of people moving in and out of the rural community. Following the war and the depression, the mechanization of farming provided the next big impact on Prosper's population. Beginning in the 1980's, Fortune 500 companies began relocating to the DFW area, spurring growth of the Metroplex, and a renewed interest in families wanting to live in Prosper.

To this day, Prosper has managed to retain its 19th century country charm, carefully controlling its growth to that end. Unlike the bustling cities of Dallas, Plano and Frisco that lie just a few miles south, Prosper is characterized by estate-size home sites, pristine rolling hills and vast expanses of open land. Today, Prosper is the home to more than 100 businesses and hundreds of new families.

The Economic Outlook

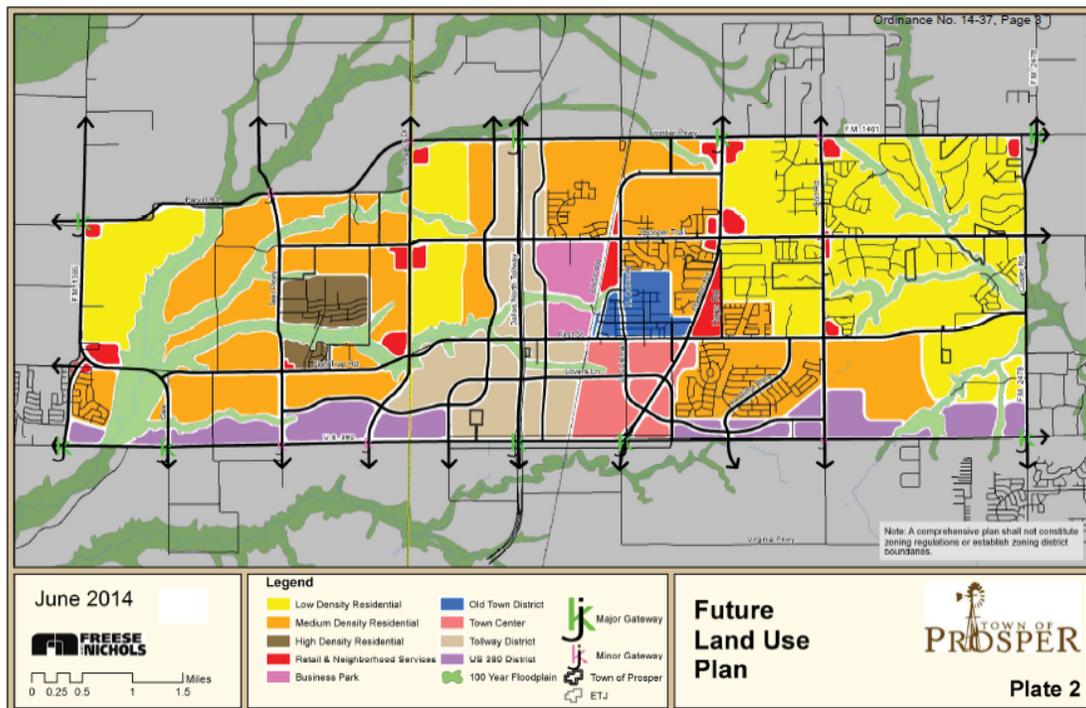

The Town continues to experience new home permits at a record pace and benefits tremendously from its location. Prosper, while not immune from economic pressures, has thrived more than most DFW communities. According to a May 21, 2014, article by the Dallas Morning News and the US Census Bureau, Prosper was the second fastest growing community in North Texas in 2014. Excluding the price of the lot the new homes in 2015 averaged \$443K.

Source: Collin CAD and Denton CAD Certified Totals 2006-2015

The Town has maintained significant growth. Certified property valuations increased by \$376M (21.45%) for FY 2015-2016, from \$1,753.2M to \$2,129.3M. Most of the Town's current values come from Collin County properties, but the Denton County portion is experiencing new developments. This year the Town's value in Denton County increased more than 97%.

The economy impacts the timing of population increases and the build-out of the Town will be affected by the types of development that occur. The Town Council adopted a new Comprehensive Plan in 2012 and annually reviews the Plan in response to changing market conditions. Policy-makers and Town staff use this document as a guide while reviewing development projects, the Town budget, prioritizing capital improvement projects and drafting ordinances to direct growth that leads to the established vision. The Future Land Use Plan (below), graphically sets an overall framework for the preferred pattern of development within Prosper.

The Town Council has continued its implementation of rate recommendations that support the adopted Water and Wastewater Utility Comprehensive Business Plan. The Plan contains recommendations to enhance revenues, to establish at least a 60-day operations and maintenance reserve, and to fund an annual contribution of 2% to a capital replacement program.

More detailed revenue information can be found in the MD&A section of the financial section of this CAFR.

The DFW Metroplex continues to outperform most other major metropolitan areas for job growth and stability. Town staff believes Prosper will maintain steady economic development as retail and other commercial services follow the rapid increase in new roof tops.

Accounting System and Budgetary Control

Town management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Town are protected from loss, theft, or misuse. Management must also ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the valuation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework.

The Town's accounting records for general governmental operations are maintained on a modified accrual basis, with revenues recognized when measurable and available, and expenditures recorded when the liability is incurred. Proprietary operations are maintained on a full accrual basis.

The objective of budgetary controls is to ensure compliance with legal provisions contained in the annual budget approved by the Town Council. The annual budget is developed and controlled at the department level, and serves as the foundation for the Town's financial planning and control. The budget is prepared by fund and department (e.g. General Fund – Police, General Fund – Fire, Water/Wastewater Fund – Utility Billing). Department Heads may transfer resources within a department with the Town Manager's approval. Any amendments or additional funding requests for appropriations over that of the budgeted department level total are approved by the Town Council, even though the Town Charter limits are at the fund level.

The accompanying CAFR incorporates all funds of the Town and includes all government activities, organizations and functions for which the Town is financially accountable. The criteria used in determining activities to be reported within the Town's basic financial statements are based upon and consistent with those set forth by the Governmental Accounting Standards Board.

Component units are legally separate organizations that a primary government must include as a part of its financial entity. On May 6, 1995, Town of Prosper voters approved the 4A Sales Tax proposition which increased the sales and use tax by $\frac{1}{2}$ of 1% for the promotion and development of new and expanded business enterprises. The 4A funds account for the local sales tax used to encourage additional private investment that will increase and diversify the tax base, create jobs, lower residential taxes, increase the number of retail, commercial and industrial companies locating to the Town and improve Prosper residents' quality of life. The Economic Development Corporation is Town-chartered and governed by a seven-member Board of Directors appointed by the Town Council. The Town has included financial statements for the Prosper Economic Development Corporation in its government-wide financial statements.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Prosper, Texas for its comprehensive annual financial report for fiscal year ended September 30, 2014. The Town has received a Certificate of Achievement for the last five consecutive years. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

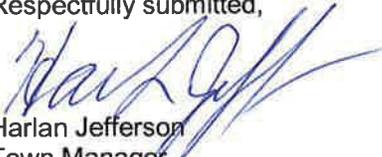

A Certificate of Achievement is valid for a period of one year only. We believe the current report continues to conform to the Certificate of Achievement program requirements and we are submitting it to GFOA for consideration.

Acknowledgements

The preparation of this report could not be accomplished without the efficient and dedicated services of the Finance Department staff. I would like to express my appreciation to all employees who contributed to its presentation. Acknowledgement is also given to the representatives of Davis Kinard & Co. PC for their assistance in this year's report with special thanks to Cara Hilbrich, the Audit Manager for this engagement.

I would also like to thank the members of the Town Council for their interest and support in planning and conducting the financial operations of the Town in a responsible and progressive manner.

Respectfully submitted,

Harlan Jefferson

Independent Auditor's Report

To the Honorable Mayor and Members of the Town Council
Town of Prosper, Texas

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Prosper, Texas (the Town), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town as of September 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the general, impact fee and contribution funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 13 to the basic financial statements, the Town implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, during the year ended September 30, 2015, which requires recognition of its net pension liability and a more comprehensive measure of pension expense. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and pension plan schedules on pages 3 through 11 and 50 through 52 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The introductory section, individual fund schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual fund schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

TOWN OF PROSPER, TEXAS
Management Discussion and Analysis

As management of the Town of Prosper, Texas, we offer readers of the Town of Prosper's financial statements this narrative overview and analysis of the financial activities of the Town of Prosper for the fiscal year ended September 30, 2015.

Financial Highlights

- The assets of the Town of Prosper, on a government-wide basis, exceeded its liabilities at the close of the most recent fiscal year by \$101,638,450 (net position). Of this amount, \$11,836,495 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position increased by \$10,332,813. Most of the increase is due to property taxes, sales taxes, impact and escrow fees, and capital grants and contributions.
- As of the close of the current fiscal year, the Town of Prosper's governmental funds reported combined ending fund balances of \$41,169,707 (made up of \$7,567,907 in general fund, \$14,659,854 in impact fee fund, \$1,470,009 in debt service fund, \$12,753,873 in capital projects fund and \$4,718,064 in other governmental funds), an increase of \$12,353,083 in comparison with the prior year. The increase is primarily due to \$8,135,000 in proceeds from issuance of bonds. \$4,977,485 is unassigned and available for spending at the government's discretion.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$4,977,485 or 38.46 percent of total general fund expenditures and is available for spending at the government's discretion.
- The Town's long-term liabilities increased by \$10,704,882 during the year due to issuance of the 2015 General Obligation Refunding Bonds for \$16,135,000 and the 2015 Certificates of Obligation for \$8,135,000.
- The Town's capital assets increased by \$7,147,745, primarily due to additional capital projects funded by bond proceeds.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town of Prosper's basic financial statements. The Town of Prosper's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements - The government-wide financial statements are designed to provide readers with a broad overview of the Town of Prosper's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the Town of Prosper's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town of Prosper is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the time of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Town of Prosper that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Town of Prosper include general government, public safety, public works, recreation, and transportation. The business-type activities of the Town of Prosper include the water and sewer system, as well as sanitation collection and disposal, and storm drainage.

The government-wide financial statements include not only the Town of Prosper itself (known as the primary government), but also a legally separate economic development corporation. Financial information for this component unit is reported discretely with the financial information presented for the primary government itself. The government-wide financial statements can be found on pages 12 – 14 of this report.

Fund financial statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Prosper, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the Town of Prosper can be divided into two categories: governmental funds and proprietary funds.

Governmental funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is more narrow than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town of Prosper maintains six governmental funds. Information is presented separately in the governmental fund balance sheet and statement of revenues, expenditures, and changes in fund balances for the general fund, impact fee fund, debt service fund, capital projects fund and contributions fund, all of which are considered to be major funds.

The Town of Prosper adopts an annual appropriated budget for its general fund, impact fee fund and contributions fund. Budgetary comparison statements have been provided for these funds to demonstrate compliance with the budgets.

The basic governmental fund financial statements can be found on pages 15 - 25 of this report.

Proprietary funds - The Town of Prosper maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town of Prosper uses enterprise funds to account for its water, sewer, sanitation, and storm drainage activities. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Budgetary comparison statements for the enterprise funds can be found on pages 53-54 of this report.

The internal service fund is used to accumulate and allocate costs internally among the Town's various functions. The Town uses its internal service fund to account for its employee medical reimbursement program. Because these services predominately benefit the governmental rather than the business-type functions, they have been included within governmental activities in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages 26 - 29.

Notes to the financial statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 32-49 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town of Prosper, assets exceeded liabilities by \$101,638,450 at the close of the most recent fiscal year.

A portion of the Town of Prosper's net position (70 percent) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. The Town of Prosper uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Prosper's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the Town of Prosper's net position (18 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (12 percent) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the Town of Prosper is able to report positive balances in all categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

During the year GASB 68 was implemented retroactively, causing a prior period adjustment. The comparative information does not reflect this change.

| Net position - end of year | \$ 77,169 | \$ 69,183 | \$ 24,470 | \$ 23,292 | \$ 101,639 | \$ 92,475 |

The following key elements influenced the changes in net position from the prior year:

Revenues for FY 2014-2015 increased by \$4,028,134 or 11 percent in comparison to FY 2013-2014. The increase is primarily due to increases in sales taxes, property taxes and charges for services. Property taxes and sales taxes increased \$2,016,295 from prior year. Impact fees increased \$2,191,336 over the prior year due to the growing town and increases in construction permits.

Governmental Activities

Governmental activities increased the Town of Prosper's net position by \$9,024,929.

- Impact fee collections increased by \$2,191,336 (37 percent) primarily due to planned real estate development. Impact fees are included as part of capital contribution revenues.
- Total governmental activity expenses increased by \$2,860,000 (17 percent) during the year primarily due to an increase in streets of \$828,508, and an increase in inspections of \$662,000.

Business-type Activities

Business-type activities increased the Town of Prosper's net position by \$1,307,884.

- Operating revenue was very similar to the prior year.
- Operating expenses increased by \$1,818,014 (24 percent) from the previous year due to an increase in contractual services.

Financial Analysis of the Government's Funds

As noted earlier, the Town of Prosper uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds - The focus of the Town of Prosper's governmental funds is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Town of Prosper's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available at the end of the fiscal year.

At the end of the current fiscal year, the Town of Prosper's governmental funds reported combined ending fund balances of \$41,169,707, an increase of \$12,353,083 from the prior year. Most of the increase is due to increases in property and sales taxes, impact fees and other developer contributions, and proceeds from bond issuance during the year. Of the current combined ending fund balance, \$2,088 is nonspendable due to prepaids, \$31,305,011 is restricted for debt service and capital projects, \$2,588,334 is committed for contingency in accordance with the Town charter, \$2,296,789 is assigned for specific purpose such as impact fees and other specific purposes, and \$4,977,485 is unassigned.

The general fund is the chief operating fund of the Town of Prosper. At the end of the current fiscal year, unassigned fund balance of the general fund was \$4,977,485. Total unassigned fund balance represents 38.46 percent of total general fund expenditures. The decrease in fund balance of \$20,087 is primarily due to increases in transfers to other funds.

The impact fee fund has a total fund balance of \$14,659,854, which is restricted for capital projects. The increase in fund balance of \$4,643,725 is due to additional construction permits.

The debt service fund has a total fund balance of \$1,470,009, all of which is restricted for payment of debt service. The increase in fund balance of \$311,082 is primarily due to an increase in property tax revenues during the year.

The capital projects fund has a total fund balance of \$12,753,873, all of which is restricted for construction. The increase in fund balance of \$7,355,037 is primarily due to bond proceeds of \$8,135,000.

The contributions fund has a total fund balance of \$2,421,275, which is restricted for capital projects. The increase in fund balance of \$137,596 is due to current year contribution revenues exceeding expenditures and transfers out during the year.

Proprietary funds. The Town of Prosper's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the water and sewer fund at the end of the year amounted to \$3,091,548. The increase in total net position of the water and sewer fund was \$1,247,598. The factors concerning the finances of this fund have already been addressed in the discussion of the Town of Prosper's business type activities.

General Fund Budgetary Highlights

Original budget compared to final budget. During the year, significant amendments to increase the original budgeted revenue resulted from unanticipated grant proceeds and insurance claim reimbursements (\$20,268), escrow revenue (\$506,600), State funding for law enforcement education (\$1,543) and an increase in sanitation revenue (\$91,500). Corresponding appropriations were added to the budget along with carryover for encumbrances from the prior year (\$633,623) and budgeting for a transfer to the VERN fund (\$772,480). Generally, the movement of the appropriations between departments was not significant.

Final budget compared to actual results. During the year, revenues were \$1,571,863 more than estimated and expenditures were \$1,060,326 less than budgeted. The majority of the excess revenues were in licenses and permits, fines and fees, and sales taxes. The majority of expenditure savings was in fire, followed by police, and general government. The positive variances in revenues and expenditures allowed for transfers of \$2,582,000 for cash financing of capital projects. With the transfers, fund balance decreased by \$20,087.

Capital Asset and Debt Administration

Capital assets. The Town of Prosper's investment in capital assets for its governmental and business-type activities as of September 30, 2015, is \$106,793,755 (net of accumulated depreciation). This investment in capital assets includes land, buildings and systems, and equipment.

Major capital asset events during the current fiscal year included the following:

- Capital asset acquisitions in governmental activities totaled \$23,892,606. The majority of this activity was funded from bond proceeds and was for streets, parks, and related infrastructure.
- Capital asset additions in business-type activities totaled \$10,115,232. The majority of this activity was funded from bond proceeds and was for new water and sewer projects.

| | Governmental Activities | | Business-type Activities | | Total | |
|--|----------------------------|-----------|-----------------------------|-----------|------------|-----------|
| | 2015 | 2014 | 2015 | 2014 | 2015 | 2014 |
| Government-wide capital assets: | | | | | | |
| Non-depreciable assets | \$ 13,069 | \$ 15,940 | \$ 454 | \$ 8,483 | \$ 13,523 | \$ 24,423 |
| Depreciable assets | 81,992 | 68,993 | 38,104 | 28,888 | 120,096 | 97,881 |

| Less accumulated depreciation | (20,468) | (17,274) | (6,357) | (5,384) | (26,825) | (22,658) |
| Government-wide capital assets, net | \$ 74,593 | \$ 67,659 | \$ 32,201 | \$ 31,987 | \$ 106,794 | \$ 99,646 |

Additional information on the Town of Prosper's capital assets can be found in Note 5 on pages 39-40 of this report.

Long-term debt. At the end of the current fiscal year, the Town of Prosper had bonded debt outstanding of \$68,750,000. This amount comprises debt backed by the full faith and credit of the government.

The Town of Prosper's bond ratings are AA as assigned by Standard & Poor's on February 6, 2014, and Aa2 as assigned by Moody's on February 10, 2014.

Total long-term debt consisted of the following:

| | Governmental | | Business-type | | Total | |
|---|--------------|-----------|---------------|-----------|-----------|-----------|
| | Activities | | Activities | | | |
| | 2015 | 2014 | 2015 | 2014 | 2015 | 2014 |
| Government-wide long-term debt: | | | | | | |
| Certificates of obligation and general obligation bonds | \$ 36,329 | \$ 26,213 | \$ 31,696 | \$ 33,627 | \$ 68,025 | \$ 59,840 |
| Bond Premium on Issuance | 2,852 | 636 | 1,938 | 1,506 | 4,790 | 2,142 |
| Tax notes payable | 725 | 1,080 | | | 725 | 1,080 |

| Compensated absences payable | 701 | 554 | 86 | 76 | 787 | 630 |
| Total government-wide long-term debt | \$ 41,906 | \$ 29,722 | \$ 33,922 | \$ 35,401 | \$ 75,828 | \$ 65,123 |

Additional information on the Town of Prosper's long-term debt can be found in Note 8 on pages 42-44 of this report.

Economic Factors and FY 2015-2016 Budgets and Rates

The Town continues to thrive, with residential and commercial development occurring at the highest levels the Town has ever seen. The resulting increase in property values reflects the commitment of the Council and the efforts of the Prosper Economic Development Corporation (PEDC) to attract quality development. The FY 2015-2016 Adopted Budget addresses the need for increased service levels due to growth. The budget provides essential capital investments in infrastructure and other public improvements, as well as additional public safety resources.

Revenue Projection Highlights

Despite the Town's current and future growth potential and general optimism, the budget was prepared with conservative revenue assumptions in mind.

- The FY 2015-2016 Adopted Ad Valorem Property Tax Rate is equal to the FY 2014-2015 rate and is set at \$0.52 per one hundred dollars taxable valuation. Certified property valuations increased by \$376M (21.45%) for FY 2015-2016. Property values increased from \$1,753.2M to \$2,129.3M. Most of the Town's current values come from Collin County properties, but the Denton County portion is expected to have new developments in the near future. This fiscal year the Town's value in Denton County increased by more than 97%.
- Sales tax revenue is projected to reach \$3,436,640, compared to FY 2014-2015's actual amount of \$3,256,807. Growth in new business and a general increase in existing retail sales are expected in FY 2015-2016, just as it was in FY 2014-2015.
- Building Permit Revenues are expected to increase to \$2,664,210 or 20.8% when compared to the FY 2014-2015 Adopted Budget. The Town expects to issue 700 or more new residential permits in FY 2015-2016.
- Licenses and Franchise Fees are projected to rise slightly with population. Municipal Court fines are estimated at \$300,000, compared to the FY 2014-2015 Budget of \$245,000.

- Revenues for the Water, Sewer, and Solid Waste Fund are expected to increase to \$11,725,235. The adopted business plan for the fund identified the need for revenue enhancements to cover existing and future operations and maintenance costs as well as debt service and contracted sewer costs with the Upper Trinity Regional Water District. Even so, the Town did not change rates for FY 2015-2016, choosing instead to focus on internal savings. In addition, under the solid waste agreement approved by Town Council in FY 2012-2013, the Town's solid waste provider agreed to hold rates steady for three years.

Appropriated Budget Highlights

The adopted budget addressed increased service levels in response to continued growth, provided required or money-saving capital investments in infrastructure, included other public improvements, as well as additional public safety resources.

Program enhancements and capital expenditures included in the adopted appropriations and planned for FY 2015-2016 are as follows:

Town Secretary's Office (TSO)

A part-time Administrative Assistant as well as a reclassification from Town Secretary to Town Secretary/Public Information Officer was included in the TSO budget to improve the level of service provided by the department. Funding was included for improvements to the electronic records management strategy for multiple departments.

Police Operations & Dispatch

Two additional Police Officers and one Dispatcher were included in the Police Department budget.

Fire, EMS & Fire Marshall

Six Firefighter/Paramedics as well as Driver and Lieutenant promotions will be phased in during FY 2015-2016 in preparation for staffing the new Windsong Ranch Fire Station.

Streets

The Streets Department budget included funding for road repairs on Prosper Trail, Broadway, Coleman, and Fishtrap Road, as well as the purchase of new sanding equipment. One additional Crew Leader position was also included in the budget.

Community Library

The Library Director was reclassified from part-time to full-time to accommodate the success of library services, programs, activities, and involvement with the community.

Parks and Recreation

A Park Planner, Maintenance Worker, and Chemical Technician were added to keep up with development and maintenance. Many upgrades and improvements were included in the budget for Frontier Park including lighting at the soccer fields as well as an additional gravel parking lot.

Building Inspections

One Building Inspector II position was included in the budget in response to the increase in residential development.

Water/Wastewater

The budget included funding to transfer the Glenbrook Estates meters from Mustang Water District to the Town of Prosper water system which included 350 new meters, a light-duty dump truck, and a mobile generator. One additional Crew Leader was also included in the budget.

The following items have also been incorporated into the FY 2015-2016 Adopted Budget:

- The TMRS rate budgeted for FY 2015-2016 is 12.37%, which is equal to the Annual Required Contribution (ARC) Rate required by GASB Statement Number 27.
- Effective January 1, 2016, the Town's benefit provider contracts were updated. Providers include Blue Cross/Blue Shield for medical insurance, Delta Dental for dental insurance, and Mutual of Omaha for life, long-term disability, and AD&D insurance. The two medical plan options initiated in FY 2014-2015 were continued in FY 2015-2016: the PPO (Preferred Provider Organization) plan and the HDHP (High Deductible Health Plan) with an HSA (Health Savings Account).
- Continued partnerships with local entities have produced multiple saving opportunities for shared services or improving our customer service to residents and visitors alike. The Town continues to operate the Community Library in the Reynolds Middle School. The Town renewed its agreements, along with several area cities, with Collin County for animal control and sheltering service. The Town has several agreements with Frisco, including the use of the Frisco GIS.

All of these factors were considered in preparing the Town of Prosper's budget for FY 2015-2016.

Request for Information

This financial report is designed to provide a general overview of the Town of Prosper's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Town Manager, P. O. Box 307, Prosper, Texas 75078.

TOWN OF PROSPER, TEXAS
 Reconciliation of the Balance Sheet of Governmental Funds
 to the Statement of Net Position
 September 30, 2015

| | | |
|---|----|--------------|
| Total Fund Balances - Governmental Funds | \$ | 41,169,707 |
| Amounts reported for governmental activities in the statement of net position (page 12) are different because: | | |
| Capital assets used in governmental activities are not current financial resources and therefore are not reported in the governmental funds balance sheet. | | 74,507,274 |
| Bonds payable will not be liquidated with current financial resources and therefore have not been included in the fund financial statements. | | (37,054,250) |
| Accrued liabilities for compensated absences will not be liquidated with current financial resources and therefore have not been included in the fund financial statements. | | (701,158) |
| Interest payable on long-term debt is accrued in the government-wide financial statements, whereas in the fund financial statements, interest expenditures are reported when due. | | (191,546) |
| Premiums (\$2,852,129) on bond issuances less deferred losses on bond refunding of (\$919,134) are recorded as other financing sources and uses when paid in the fund financial statements but are capitalized and amortized in the government-wide financial statements over the life of the bonds. | | (1,932,995) |
| Receivables from property taxes and fines and fees are not available soon enough to pay for the current period's expenditures and are, therefore, deferred in the funds. | | 192,556 |
| Included in the items related to debt is the recognition of the Town's proportionate share of the net pension liability in the amount of \$1,298,750, a deferred outflow of resources of \$594,676 and a deferred inflow of resources of \$83,184. The net effect is to decrease net position. | | (787,258) |
| The Town uses an internal service fund to charge the costs of the medical reimbursement program to appropriate departments in other funds. The assets and liabilities of the insurance fund are included in governmental activities in the statement of net position. The net effect is to increase net position. | | 1,966,128 |
| Net Position of Governmental Activities | \$ | 77,168,458 |

TOWN OF PROSPER, TEXAS
 Reconciliation of Statement of Revenues, Expenditures and Changes
 in Fund Balances of Governmental Funds to the Statement of Activities
 For the Year Ended September 30, 2015

Net Change in Fund Balances - Governmental Funds \$ 12,353,083

Amounts reported for governmental activities in the statement of activities (pages 13 - 14) are different because:

| | |
|---|--------------|
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay (\$10,105,710) exceeds depreciation expense (\$3,208,744). | 6,896,966 |
| Assets were disposed of that were not fully depreciated. The loss is reported on the government-wide financial statements. | (48,765) |
| Principal payments on bonds payable of \$1,622,800 and refunded bonds of \$9,534,300 are expenditures or other financing uses in the fund financial statements but are shown as reductions in long-term debt in the government-wide financial statements. | 11,157,100 |
| Deferred losses on refunding and premiums are amortized over the life of the bonds in the government-wide financial statements. This is the current year amortization. | 130,721 |
| Proceeds from bond premiums of \$2,396,572 are recorded as other financing sources in the fund financial statements, but increases liabilities in the government-wide financial statements. Deferred losses on refunding of \$947,857 are recorded as other financing uses on the fund financial statements, but increase deferred outflows of resources in the government-wide financial statements. The net effect is a decrease in net position. | (1,448,715) |
| Proceeds from issuance of bonds are recorded as other financing sources in the fund financial statements but increases liabilities in the government-wide financial statements. | (20,918,500) |
| Additions to liabilities for compensated absences are not shown in the fund financial statements. The net effect of the current year's increase is to decrease net position. | (147,593) |
| Interest payable on long-term debt is accrued in the government-wide financial statements, whereas in the fund financial statements, interest expenditures are reported when due. The increase in interest accrual decreases net position. | (37,425) |
| The Town uses an internal service fund to charge the costs of the medical reimbursement program to the appropriate departments in other funds. The change in net position of the insurance fund is reported with governmental activities. | 1,065,847 |

The accompanying notes are an integral part of these financial statements

TOWN OF PROSPER, TEXAS
Reconciliation of Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended September 30, 2015

Certain expenditures for the pension that are recorded to the fund financial statements must be recorded as deferred outflows of resources. Contributions made after the measurement date caused the changes in net position to increase in the amount of \$867,704. The City's share of the unrecognized deferred inflows and outflows as of the measurement date must be amortized and the City's proportionate share of the pension expense must be recognized. These cause the change in net position to decrease in the amount of \$410,095. The net effect is an increase in net position.

14,410

Revenues from property taxes and fines are deferred in the fund financial statements until they are considered available to fund current expenditures, but such revenues are recognized in the government-wide statements. The effect of recognizing deferred tax and fines revenue of \$192,556 and removing prior year's deferred tax recognized of \$184,756 is to increase net position.

7,800

Change in Net Position of Governmental Activities

\$ 9,024,929

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 1: Summary of Significant Accounting Policies

The financial statements of the Town of Prosper, Texas, have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

Reporting Entity

The government is a municipal corporation governed by an elected seven-member council. As required by accounting principles generally accepted in the United States of America, these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the government.

Discretely Presented Component Unit

The Prosper Economic Development Corporation (EDC) serves all citizens of the government and is governed by a board appointed by the government's elected council. The government can impose its will on the EDC and affect the day-to-day operations of the EDC by removing appointed board members, at will. The scope of public service of the EDC benefits the government and its citizens and is operated primarily within the geographic boundaries of the government. The EDC is presented as a governmental fund type and has a September 30 year end.

Complete financial statements for the EDC may be obtained at the entity's administration office, Prosper Economic Development Corporation, P. O. Box 1060, Prosper, Texas 75078.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements by the provider have been met.

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 1: Summary of Significant Accounting Policies – continued

Measurement Focus, Basis of Accounting, and Financial Statement Presentation - continued

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, licenses, and interest income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *impact fee fund*, a special revenue fund, accounts for revenues that are legally restricted for particular purposes. This fund is used to account for activity related to impact fees.

The *debt service fund* accounts for the resources accumulated and payments made for principal and interest on long-term obligation debt of governmental funds.

The *capital projects fund* accounts for the acquisition of capital assets or construction of major capital projects not being financed by proprietary funds.

The *contributions fund*, a special revenue fund, accounts for contributions made to the Town which are restricted for various purposes.

The government reports the following major proprietary fund:

The *water and sewer fund*, an enterprise fund, is used to account for those operations that are financed and operated in a manner similar to private business or where the council has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability. The government's water and sewer fund is to account for water, sewer and sanitation operations.

The *internal service fund* is used to accumulate and allocate costs internally among the Town's various functions. The Town uses its internal service fund to account for its employee medical reimbursement program as well as to facilitate distribution of support costs to the users of support services on a cost-reimbursement basis. Because these services predominately benefit the governmental rather than the business-type functions, they have been included within governmental activities in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are general and administrative fees, street rental fees and other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 1: Summary of Significant Accounting Policies – continued

Measurement Focus, Basis of Accounting, and Financial Statement Presentation - continued

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. The proprietary funds also recognize as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Deposits and Investments

For purposes of the statement of cash flows, cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity date within three months of the date acquired by the government. Other short-term investments are included in investments. Investments are stated at cost which approximates fair value.

Short-Term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet. Short-term interfund loans are classified as "interfund receivables/payables."

Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Restricted Assets

Certain resources set aside for the repayment of bonds are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. Also included in restricted assets are capital recovery fees (impact fees) that are, by law, restricted for future capital improvements; and assets set aside for construction of future debt funded capital improvements. When the government incurs an expense for which it may use either restricted or unrestricted assets, it uses the restricted assets first.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town has items that qualify for reporting in this category. They include the deferred charge on bond refunding reported in the government-wide statement of net position, as well as deferred outflows related to the Town's pension with TMRS.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town has one type of item arising only under the modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes, fines and EMS accounts receivable. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The Town also has deferred inflows reported in the statement of net position related to the Town's pensions with TMRS.

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 1: Summary of Significant Accounting Policies – continued

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements, as well as in the proprietary fund statement of net position. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest is capitalized on proprietary fund assets acquired with tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period.

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

| <u>Assets</u> | <u>Years</u> |
|-----------------------|--------------|
| Buildings | 20 - 30 |
| System infrastructure | 15 - 45 |
| Street infrastructure | 25 - 30 |
| Equipment | 5 - 10 |
| Vehicles | 4 - 7 |

Compensated Absences

It is the government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation and sick pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignation and retirements.

Pension

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt, and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 1: Summary of Significant Accounting Policies – continued

Long-Term Obligations – continued

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity

In the fund financial statements, governmental funds report restrictions of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

Note 2: Stewardship, Compliance, and Accountability

Budgetary Control

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are legally adopted for the general fund, impact fee fund, contributions fund and water and sewer fund and storm drainage fund. All annual appropriations lapse at fiscal year-end. Project length financial plans are adopted for all capital project funds.

The Town follows these procedures in establishing the budgetary data reflected in the financial statements.

1. Prior to August 16, the Town Manager submits to the Town Council a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. On the first meeting in September, the budget is legally enacted through the passage of an ordinance.
4. The Town Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revision that alters total expenditures of any fund must be approved by the Town Council.
5. Formal budgetary integration, using the modified accrual basis, is employed as a management control device during the year for the General Fund, Impact Fee Fund, and Contributions Fund. Supplemental appropriations were made during the fiscal year for the each of these funds.
6. The budget approved for the Water and Sewer Fund and Storm Drainage Fund follows similar approval procedures but departs from accounting principles generally accepted in the United States of America by not including depreciation and amortization in the approved budget. These amounts are reported at year end as part of the “actual” column. Supplemental appropriations were made during the year.
7. The Debt Service and Capital Projects Funds have formal budgets and are controlled by contractual obligations approved at inception or as part of the General Fund on an annual basis. The nonmajor governmental funds are budgeted.

Note 3: Deposits and Investments

Deposits

At September 30, 2015, the Town’s deposits and the EDC’s deposits were fully covered by federal depository insurance or collateral held by the pledging financial institution’s trust department or agent in the government’s name and/or irrevocable standby letters of credit.

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 3: Deposits and Investments – continued

Deposits – continued

Custodial Credit Risk - Deposits: In the case of deposits this is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The government's policy regarding types of deposits allowed and collateral requirements is: the Depository may be a state bank authorized and regulated under Texas law; a national bank, savings and loan association, or savings bank authorized and regulated by federal law; or a savings and loan association or savings bank organized under Texas law; but shall not be any bank the deposits of which are not insured by the Federal Deposit Insurance Corporation (FDIC) and pledged securities. The government is not exposed to custodial credit risk for its deposits, as all are covered by depository insurance and pledged securities.

Investments

The Town and EDC may invest in obligations of the U.S. Treasury or the State of Texas, certain U.S. agencies, certificates of deposit, money market savings accounts, certain municipal securities, repurchase agreements, common trust funds and other investments specifically allowed by the Public Funds Investment Act of 1987 (Article 842a-2 Vernon's Civil Statutes).

In compliance with the Public Funds Investment Act, the government has adopted a deposit and investment policy. That policy addresses the following risks:

Custodial Credit Risk - Investments: For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town's investments are with the Texas Local Government Investment Pool ("TexPool"), the Texas Short-Term Asset Reserve Investment Pool ("TexSTAR"), and in certificates of deposit.

Under the TexPool Participation Agreement, administrative and investment services to TexPool are provided by Federated Investors, Inc. through an agreement with the State of Texas Comptroller of Public Accounts. The State Comptroller is the sole officer, director, and shareholder of the Texas Treasury Safekeeping Trust Company authorized to operate TexPool. The reported value of the pool is the same as the fair value of the pool shares. TexPool is subject to annual review by an independent auditor consistent with the Public Funds Investment Act. Audited financial statements of the Pool are available at First Public, 12008 Research Blvd., Austin, Texas 78759. In addition, TexPool is subject to review by the State Auditor's Office and by the Internal Auditor of the Comptroller's Office.

TexSTAR is a local government investment pool organized under the authority of the Interlocal Cooperation Act, chapter 791, of the Texas Government Code, and the Public Funds Investment Act, chapter 2256, of the Texas Government Code. J.P. Morgan Investment Management Inc. serves as investment advisor and co-administrator with First Southwest. TexSTAR invests in treasury and agency securities and repurchase agreements fully collateralized by government securities. The pool maintains a weighted average maturity of 60 days or less. The pool seeks to maintain a constant dollar objective. The reported value of the pool is the same as the fair value of the pool shares.

Credit Risk - This is the risk that an issuer of an investment will be unable to fulfill its obligations. The rating of securities by nationally recognized rating agencies is designed to give an indication of credit risk. It is the government's policy to limit its investments to those investments rated at least AAAM. The credit quality rating for both TexPool and TexSTAR at year end was AAAM by Standard & Poor's.

Interest Rate Risk - This is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the government manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to less than one year from the time of purchase. The maximum allowable maturity for operating funds is five years and two years for debt service funds. The weighted average maturity for the government's investment in external investment pools is less than 60 days.

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 3: Deposits and Investments – continued

Investments – continued

Foreign Currency Risk - This is the risk that exchange rates will adversely affect the fair value of an investment. The government is not exposed to foreign currency risk.

Concentration of Credit Risk - This is the risk of loss attributed to the magnitude of the government's investment in a single issuer (i.e., lack of diversification). Concentration risk is defined as positions of 5 percent (5%) or more in the securities of a single issuer. It is the government's policy to not allow for a concentration of credit risk. Investments issued by the U. S. Government and investments in investment pools are excluded from the 5 percent (5%) disclosure requirement. The government is not exposed to concentration of credit risk.

At year end, the government's investment balances were as follows:

| | <u>Fair Value</u> | <u>Maturity Less than One Year</u> | <u>Maturity Greater than One Year</u> |
|--|----------------------|------------------------------------|---------------------------------------|
| Primary Government | | | |
| Investment type: | | | |
| Texas Local Government investment pool | \$ 6,511,122 | \$ 6,511,122 | \$ |
| TexSTAR investment pool | 21,047,078 | 21,047,078 | |
| Certificates of deposit | 3,815,168 | 3,712,354 | 102,814 |
| Total | <u>\$ 31,373,368</u> | <u>\$ 31,270,554</u> | <u>\$ 102,814</u> |
| Prosper Economic Development Corporation | | | |
| Investment type: | | | |
| Texas Local Government investment pool | \$ 1,325 | \$ 1,325 | |
| TexSTAR investment pool | 1,191 | 1,191 | |
| Total | <u>\$ 2,516</u> | <u>\$ 2,516</u> | |

Note 4: Receivables

Receivables at September 30, 2015 consisted of the following:

| | <u>General</u> | <u>Debt Service</u> | <u>Contributions</u> | <u>Water and Sewer</u> | <u>Nonmajor Enterprise</u> | <u>Internal Service</u> | <u>Total</u> |
|------------------------------------|-------------------|---------------------|----------------------|------------------------|----------------------------|-------------------------|--------------------|
| Property taxes | \$ 35,392 | \$ 30,056 | \$ - | \$ - | \$ - | \$ - | \$ 65,448 |
| Sales tax | 649,804 | | | | | | 649,804 |
| Utility bills | | | | 1,394,069 | 32,916 | | 1,426,985 |
| Other receivables | 320,880 | | 6,709 | | | 5,686 | 333,275 |
| Gross receivables | 1,006,076 | 30,056 | 6,709 | 1,394,069 | 32,916 | 5,686 | 2,475,512 |
| Less: allowance for uncollectibles | (23,721) | (15,600) | | (220,783) | | | (260,104) |
| Net receivables | <u>\$ 982,355</u> | <u>\$ 14,456</u> | <u>\$ 6,709</u> | <u>\$ 1,173,286</u> | <u>\$ 32,916</u> | <u>\$ 5,686</u> | <u>\$2,215,408</u> |

Property taxes are based on the appraised values provided by the Collin County or Denton County Central Appraisal District, whichever is applicable. Taxes are levied by October 1 of each year. Unpaid property taxes become delinquent on February 1 of the following year. Penalty is calculated after February 1 up to the date collected by the government at the rate of 6% for the first month and increased 1% per month up to a total of 12%. Interest is calculated after February 1 at the rate of 1% per month up to the date collected by the government. Under state law, property taxes levied on real property constitute a lien on the real property which cannot be forgiven without specific approval of the State Legislature. The lien expires at the end of twenty years. Taxes levied on personal property can be deemed uncollectible by the Town. The Town's current policy is to write-off uncollectible personal property taxes after four years.

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 4: Receivables – continued

At September 30, 2015, the EDC had sales tax receivable of \$216,601. No allowance for uncollectible accounts is deemed necessary.

Note 5: Capital Assets

Capital asset activity for the year ended September 30, 2015, was as follows:

| | Balance October 1, 2014 | Additions/ Completions | Retirements/ Adjustments | Balance September 30, 2015 |
|--|-------------------------------|---------------------------|-----------------------------|----------------------------------|
| <u>Governmental activities:</u> | | | | |

| Total capital assets being depreciated, net | - | - | - | - |
| Component unit capital assets, net | \$ - | \$ - | \$ - | \$ - |

Note 6: Construction Commitments

At September 30, 2015, the total estimated costs to complete significant construction projects in progress at year-end totaled approximately \$7,845,479 for the Capital Projects Fund.

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 7: Interfund Receivables, Payables and Transfers

Interfund balances at September 30, 2015 were as follows:

Due to/from other funds:

| Due To Fund | Due From Fund | Amount | Purpose |
|-----------------------|---------------------|---------------------|------------------|
| Capital Projects | General Fund | \$ 273,102 | Short-term loans |
| General Fund | Water and Sewer | 94,255 | Short-term loans |
| General Fund | Nonmajor enterprise | 1,637 | Short-term loans |
| General Fund | Capital Projects | 389,072 | Short-term loans |
| Impact Fees | General Fund | 155,064 | Short-term loans |
| Impact Fees | Water and Sewer | 487,211 | Short-term loans |
| Internal Service | General Fund | 77,828 | Short-term loans |
| Internal Service | Water and Sewer | 6,708 | Short-term loans |
| Internal Service | Nonmajor enterprise | 1,220 | Short-term loans |
| Nonmajor governmental | Capital Projects | 900 | Short-term loans |
| Contributions Fund | General Fund | 46 | Short-term loans |
| Contributions Fund | Water and Sewer | 105 | Short-term loans |
| Water and Sewer | General Fund | 34,939 | Short-term loans |
| | | <u>\$ 1,522,087</u> | |

The outstanding balances between funds result mainly from the time lag between the dates that (1) reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Interfund transfers:

| Transfer From | Transfer To | Amount | Purpose |
|-----------------------|-----------------------|---------------------|---------------------------|
| General Fund | Internal Service Fund | \$ 772,480 | Administrative |
| General Fund | Contributions | 20,000 | Capital outlay |
| General Fund | Capital projects | 2,582,000 | Capital outlay |
| Impact Fund | General Fund | 28,834 | Issuance of debt |
| Impact Fund | Water and Sewer | 98,247 | Administrative |
| Contributions | Capital projects | 506,600 | Capital outlay |
| Debt Service Fund | Water and Sewer | 21,056 | Bond issuance cost refund |
| Nonmajor Governmental | Capital projects | 125,000 | Capital outlay |
| Internal Service Fund | Water and Sewer | 203,566 | Bond issuance cost refund |
| Water and Sewer | Internal Service Fund | 2,160 | Administrative |
| Water and Sewer | General Fund | 841,639 | Administrative |
| Nonmajor Enterprise | Internal Service Fund | 240 | Administrative |
| Nonmajor Enterprise | Water and Sewer | 44,778 | Debt service |
| | | <u>\$ 5,246,600</u> | |

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 8: Long-term Debt

The government issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and equipment. General obligation bonds have been issued for both governmental and business-type activities. The government also issues revenue bonds where the government pledges income derived from the acquired or constructed assets to pay debt service. The certificates of obligation will be repaid by the debt service fund in combination with system revenues.

Long-term debt activity for the year ended September 30, 2015, was as follows:

| | Balance 10/1/2014 | Issued | Refunded/ Retired | Balance 9/30/2015 | Amount Due Within one Year |
|----------------------------------|----------------------|----------------------|------------------------|----------------------|-------------------------------|
| <u>Governmental Activities:</u> | | | | | |
| Compensated absences | \$ 553,565 | \$ 236,207 | \$ (88,614) | \$ 701,158 | \$ 175,290 |
| Net pension liability | 1,239,310 | 59,440 | | 1,298,750 | |
| Bonds | 27,292,850 | 20,918,500 | (11,157,100) | 37,054,250 | 1,860,000 |
| Bond premium on issuance | 636,301 | 2,396,572 | (180,744) | 2,852,129 | |
| Total Governmental | <u>29,722,026</u> | <u>23,610,719</u> | <u>(11,426,458)</u> | <u>41,906,287</u> | <u>2,035,290</u> |
| <u>Business-type Activities:</u> | | | | | |
| Compensated absences | 76,253 | 78,309 | (68,176) | 86,386 | 20,838 |

In July 2015, the Town issued refunding bonds of \$16,325,000 General Obligation Refunding and Improvement Bonds, Series 2015 for the purpose of refunding \$13,200,000 of general obligation bonds of the Town, in order to lower the overall debt service requirements of the Town and to pay costs associated with the issuance of the bonds. As of the result of this refunding, the Town recognized an economic gain of \$1,829,668 and cash flows savings (difference between debt service requirements of old debt versus the new debt) of \$1,392,205.

Note 8: Long-term Debt – continued

Bonds, certificates of obligation, and tax notes at September 30, 2015, are comprised of the following issues for the Debt Service Fund and Water and Sewer Fund:

| | Governmental Activities | Business-Type Activities | Total |
|---|----------------------------|-----------------------------|--------------|
| 2006 Certificates of Obligation (48% debt service fund portion and 52% water and sewer portion) issued September 21, 2006, and maturing August 15, 2007 to August 15, 2019. Interest payable February 15 and August 15 at rates ranging from 2.00% to 5.0%. \$ | 1,216,800 | \$ 1,318,200 | \$ 2,535,000 |
| 2008 Certificates of Obligation (90% debt service fund portion and 10% water and sewer portion) issued December 2, 2008, and maturing February 15, 2011 to February 15, 2021. Interest payable February 15 and August 15 at rates ranging from 2.% to 5.0%. | 3,451,500 | 383,500 | 3,835,000 |
| Tax Notes, Series 2010 (100% debt service fund portion) issued October 1, 2010, and maturing February 15, 2012 to February 15, 2017. Interest payable February 15th and August 15th at rates ranging from 1.15% to 1.85%. | 725,000 | | 725,000 |
| 2011 General Obligation Refunding and Improvement bonds (39% debt service fund portion and 61% water and sewer portion) issued September 1, 2011, and maturing February 15, 2018. Interest payable February 15 and August 15 at rates ranging from 1.75% to 2.0%. | 372,450 | 582,550 | 955,000 |
| 2012 General Obligation Bonds (100% debt service fund portion) issued June 15, 2012, and maturing February 15, 2032. Interest payable February 15 and August 15 at rates ranging from 1.38% to 3.25%. | 3,680,000 | | 3,680,000 |
| 2012 Certificates of Obligation (100% water and sewer portion) issued June 15, 2012, maturing February 15, 2032. Interest payable February 15 and August 15 at rates ranging from .40% to 3.25%. | | 5,535,000 | 5,535,000 |
| 2013 General Obligation Refunding Bonds (100% debt service fund portion) issued June 15, 2013, maturing August 15, 2029. Interest payable February 15 and August 15 at rates ranging from 2.0% to 4.0%. | 3,545,000 | | 3,545,000 |
| 2013 Certificates of Obligation (100% water and sewer portion) issued June 15, 2013, maturing August 15, 2029. Interest payable February 15 and August 15 at rates ranging from 2.0% to 4.0%. | | 4,850,000 | 4,850,000 |
| 2014 General Obligation Improvement Bonds (47% debt service fund portion and 53% water and sewer portion) issued February 15, 2014, maturing February 15, 2034. Interest payable February 15 and August 15 at rates ranging from 2.0% to 5.0%. | 3,145,000 | 3,550,000 | 6,695,000 |
| 2014 Certificates of Obligation (100% water and sewer portion) issued February 15, 2014, maturing February 15, 2034. Interest payable February 15 and August 15 at rates ranging from 2.0% to 4.0%. | | 12,125,000 | 12,125,000 |

| | | \$ 7,334,862 |

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 10: Risk Management

The government is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The government is a participant in the Texas Municipal League Workers' Compensation Joint Insurance Fund (WC Fund) and the Texas Municipal League Joint Self-Insurance Fund (Property-Liability Fund), a public entity risk pool operated by the Texas Municipal League Board for the benefit of individual governmental units located with Texas. The government pays an annual premium to the Funds for its workers' compensation and property and liability insurance coverage. The WC Fund and Property-Liability Fund are considered self-sustaining risk pools that provide coverage for its members for up to \$2,000,000 per insured event. There were no significant reductions in insurance coverage from the previous year. Settled claims for risks have not exceeded insurance coverage in any of the past three years.

Note 11: Texas Municipal Retirement System

Plan Description

The Town participates as one of 860 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401(a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.tmr.com.

All eligible employees of the Town are required to participate in TMRS.

Benefits Provided

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the Town, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the town-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payments options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest. A member city may elect to increase the annuities of its retirees, either annually or on an annually repeating basis, effective January 1 of a calendar year. The Town has adopted annuity increases as a rate equal to 70% of the increase (if any) in the Consumer Price Index – all Urban Consumers (CPI-U) between the December preceding the member's retirement date and the December one year before the effective date of the increase, minus any previously granted increases.

The plan provisions are adopted by the governing body of each city, within the options available in the state statutes governing TMRS. The Town has elected that members can retire at age 60 and above with 5 or more years of service or with 20 years of service regardless of age. The Town does not provide supplemental death benefits. Members may work for more than one TMRS city during their career. If a member is vested in one TMRS city, he or she is immediately vested upon employment with another TMRS city. Similarly, once a member has met the eligibility requirements for retirement in a TMRS city, he or she is eligible in other TMRS cities as well.

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 11: Texas Municipal Retirement System – continued

Employees covered by benefit terms: At the December 31, 2014 valuation and measurement date, the following employees were covered by the benefit terms:

| | |
|--|-------------------|
| Inactive employees or beneficiaries currently receiving benefits | 7 |
| Inactive employees entitled to but not yet receiving benefits | 49 |
| Active employees | <u>107</u> |
| Total | <u><u>163</u></u> |

Contributions

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the city. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the Town were required to contribute 7% of their annual gross earnings during the fiscal year. The Town did not change its employee contribution rate during the year. The contribution rates for the Town were 10.74% and 11.68% in calendar years 2014 and 2015, respectively. The Town’s contributions to TMRS for the year ended September 30, 2015, were \$842,892, and were equal to the required contributions.

Net Pension Liability

The Town’s Net Pension Liability (NPL) was measured as of December 31, 2014, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Actuarial assumptions: The Total Pension Liability in the December 31, 2014 actuarial valuation was determined using the following actuarial assumptions:

| | |
|---------------------------|--|
| Inflation | 3.0% per year |
| Overall payroll growth | 3.0% per year |
| Investment Rate of Return | 7.0% net of pension plan investment expense, including inflation |

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Table, with male rates multiplied by 109% and female rates multiplied by 103%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Disabled Retiree Mortality Table is used, with slight adjustments.

Actuarial assumptions used in the December 31, 2014, valuation were based on the results of actuarial experience studies. The experience study in TMRS was for the period January 1, 2006 through December 31, 2009, first used in the December 31, 2010 valuation. Healthy post-retirement mortality rates and annuity purchase rates were updated based on a Mortality Experience Investigation Study covering 2009 through 2011, and dated December 31, 2013. These assumptions were first used in the December 31, 2013 valuation, along with a change to the Entry Age Normal (EAN) actuarial cost method. Assumptions are reviewed annually. No additional changes were made for the 2014 valuation.

The long-term expected rate of return on pension plan investments is 7.0%. The pension plan’s policy in regard to the allocation of invested assets is established and may be amended by the TMRS Board of Trustees. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 11: Texas Municipal Retirement System – continued

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|-----------------------|-------------------|--|
| Domestic Equity | 17.50% | 4.80% |
| International Equity | 17.50% | 6.04% |
| Core Fixed Income | 30.00% | 1.50% |
| Non-Core Fixed Income | 10.00% | 3.50% |
| Real Return | 5.00% | 1.75% |
| Real Estate | 10.00% | 5.25% |
| Absolute Return | 5.00% | 4.25% |
| Private Equity | 5.00% | 8.50% |
| Total | 100.00% | |

Discount Rate: The discount rate used to measure the Total Pension Liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

Changes in the Net Pension Liability

| | Increase (Decrease) | | |
|---|-----------------------------------|----------------------------------|---|
| | Plan | | |
| | Total Pension Liability (a) | Fiduciary Net Position (b) | Net Pension Liability/(Asset) (a) - (b) |
| Balance at 12/31/2013 | \$ 8,177,304 | \$ 6,697,330 | \$ 1,479,974 |
| Changes for the year: | | | |
| Service Cost | 1,149,110 | - | 1,149,110 |
| Interest | 610,963 | - | 610,963 |
| Difference between expected and actual experience | (114,652) | - | (114,652) |
| Changes of assumptions | - | - | - |
| Contributions - employer | - | 723,677 | (723,677) |
| Contributions - employee | - | 471,670 | (471,670) |
| Net investment income | - | 383,420 | (383,420) |
| Benefit payments, including refunds of employee contributions | (47,637) | (47,637) | - |
| Administrative expense | - | (4,000) | 4,000 |
| Other changes | - | (329) | 329 |
| Net changes | 1,597,784 | 1,526,801 | 70,983 |
| Balance at 12/31/2014 | \$ 9,775,088 | \$ 8,224,131 | \$ 1,550,957 |

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 11: Texas Municipal Retirement System – continued

Sensitivity of the net pension liability to changes in the discount rate: The following presents the net pension liability of the Town, calculated using the discount rate of 7.0%, as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.0%) or 1-percentage-point higher (8.0%) than the current rate:

| | 1% Decrease in Discount Rate (6.0%) | Discount Rate (7.0%) | 1% Increase in Discount Rate (8.0%) |
|------------------------------|--|----------------------|---|
| Town's net pension liability | \$ 3,704,193 | \$ 1,550,957 | \$ (132,032) |

Pension Plan Fiduciary Net Position: Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the Internet at www.tmrs.com.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2015, the Town recognized pension expense of \$825,684.

At September 30, 2015, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|-----------------------------------|----------------------------------|
| Differences between expected and actual economic experience | \$ - | \$ 99,338 |
| Changes in actual assumptions | - | - |
| Difference between projected and actual investment earnings | 68,314 | - |
| Contributions subsequent to the measurement date | 641,845 | - |
| Total | \$ 710,159 | \$ 99,338 |

\$641,845 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2016. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

| <u>Year Ended</u> | |
|-------------------|-------------|
| 2016 | \$ 1,765 |
| 2017 | 1,765 |
| 2018 | 1,765 |
| 2019 | 1,763 |
| 2020 | (15,314) |
| Thereafter | (22,768) |
| | \$ (31,024) |

TOWN OF PROSPER, TEXAS
Notes to the Financial Statements
For the Year Ended September 30, 2015

Note 12: Fund Balance

The Town classifies governmental fund balances in accordance with Government Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions:

Nonspendable fund balance includes amounts that either (a) are not in a spendable form or (b) are legally or contractually required to be maintained intact.

Restricted fund balance includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance includes amounts that can be used only for the specific purposes determined and approved by passage of a formal resolution of the government's highest level of decision-making authority, the Town Council. Commitments may be changed or lifted only by the government taking the same formal action that imposed the constraint originally. In accordance with Town Charter, an amount equal to twenty percent of total general fund expenditures has been identified as committed.

Assigned fund balance includes amounts intended to be used by the government for specific purposes. Pursuant to Ordinance 11-66, the Town Council designated the Town Manager or his/her designee as the official authorized person to assign fund balance. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. At September 30, 2015, the Town had assigned fund balances for specific purposes including parks and recreation in the amount of \$2,296,789.

Unassigned fund balance is the residual classification of the general fund and includes all amounts not contained in the other classifications.

The Town uses restricted amounts first when both restricted and unrestricted fund balances are available. Additionally, the Town would use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The Town's financial goal is to achieve and maintain an unassigned fund balance in the general fund equal to twenty-five percent of budgeted expenditures, but may be reduced down to ten percent in unusual financial circumstances with a corrective five-year plan to restore the fund balance back to twenty-five percent. The charter also mandates a 20 percent (20%) contingency.

Note 13: Prior Period Adjustments

During fiscal year 2015, the Town adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. Upon adoption of GASB No. 68, the Town assumed its proportionate share of the net pension liability of the Texas Municipal Retirement System. Adoption of GASB No. 68 required a prior period adjustment to report the effect of GASB No. 68 retroactively. The amount of the prior period adjustment is shown below.

| | <u>Governmental Activities</u> | <u>Water and Sewer Fund</u> | <u>Nonmajor Enterprise</u> | <u>Business-type Activities</u> | <u>Economic Development</u> |
|---|------------------------------------|---------------------------------|--------------------------------|-------------------------------------|---------------------------------|

TOWN OF PROSPER, TEXAS
Notes to the Required Supplementary Information
For the Year Ended September 30, 2015

Note A: Net Pension Liability – Texas Municipal Retirement System

Assumptions

The following methods and assumptions were used to determine contribution rates:

| | |
|--------------------------------------|--|
| Valuation date | Actuarially determined contribution rates are calculated as of December 31 and become effective in January 13 months later. |
| Actuarial cost method | Entry age normal |
| Amortization method | Level percentage of payroll, closed |
| Remaining amortization period | 29 years |
| Asset valuation method | 10-year smoothed market; 15% soft corridor |
| Inflation | 3.00% |
| Salary increases | 3.50% to 12.00%, including inflation |
| Investment rate of return | 7.00% |
| Retirement age | Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2010 valuation pursuant to an experience study of the 2005 – 2009. |
| Mortality | RP-2000 Combined Mortality Table with Blue Collar Adjustment with male rates multiplied by 109% and female rates multiplied by 103% and projected on a fully generational basis with scale BB. |

Changes of Benefit Terms

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Changes in the Size or Composition of the Population Covered by the Benefit Terms

There were no changes in the size or composition of the population covered by the benefit terms during the measurement period.

Changes of Assumptions

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

STATISTICAL
SECTION

STATISTICAL SECTION

This part of the Town of Prosper's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

| Contents | Page |
|---|-------------|
| Financial Trends These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time. | 55 |
| Revenue Capacity These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax. | 65 |
| Debt Capacity These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future. | 72 |
| Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place. | 78 |
| Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs. | 80 |

Source: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

Town of Prosper, Texas
Direct and Overlapping Governmental Activities Debt
As of September 30, 2015

| <u>Governmental Unit</u> | <u>Debt Outstanding</u> | <u>Estimated Percentage Applicable¹</u> | <u>Estimated Share of Overlapping Debt</u> |
|-------------------------------------|-----------------------------|--|--|
| Debt repaid with property taxes: | | | |
| Prosper Independent School District | \$ 270,181,147 | 68.66% | \$ 185,506,376 |
| Collin County | 402,795,000 | 2.11% | 8,498,975 |
| Collin College | 38,790,000 | 2.11% | 818,469 |
| Denton County | 634,275,000 | 0.23% | 1,458,833 |
| Subtotal - overlapping debt | <u>1,346,041,147</u> | | <u>196,282,652</u> |
| Town of Prosper direct debt | \$ 37,054,250 | 100% | 37,054,250 |
| Total direct and overlapping debt | | | <u><u>\$ 233,336,902</u></u> |

Source: Entity adopted budget. Actual amounts of overlapping debt vary based on entity payment schedules and any new issuances.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the Town. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the Town of Prosper. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

¹The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the government's taxable assessed value that is within the government's boundaries and dividing it by the government's total taxable assessed value.

| Tax Rate Limit | \$ 1.50 | \$ 1.50 | \$ 2.50 | \$ 2.50 | \$ 2.50 |
| Total Tax Rate | <u>0.5200</u> | <u>0.5200</u> | <u>0.5200</u> | <u>0.5200</u> | <u>0.5200</u> |
| Available Tax Rate | <u>\$ 0.9800</u> | <u>\$ 0.9800</u> | <u>\$ 1.9800</u> | <u>\$ 1.9800</u> | <u>\$ 1.9800</u> |

Note: The Town Charter does not provide for a debt limit.

For FY 2005 - FY 2007, under Article XI, Section 4 of the Texas Constitution, the maximum tax rate under general law charter is \$1.50 per \$100 assessed valuation.

For FY 2008- Present, under Article XI, Section 5 of the Texas Constitution, the maximum tax rate under a home rule charter is \$2.50 per \$100 assessed valuation.

No direct bond debt limitation is imposed on the Town under current state law or the Town's Charter.
