Independence Day and Labor Day closures

Trash and bulk collection will not be affected for either of the two holidays

The Town of Prosper's administrative offices will close for Independence Day on Thursday, July 4 and on Labor Day, Monday, Sept. 2.

Trash collection will not be affected by either holiday.

Police, Fire and other emergency personnel will remain on full duty throughout the two national holidays.

In addition to administrative offices, the Community Library will also be closed, as well as Municipal Court and the Economic Development office.

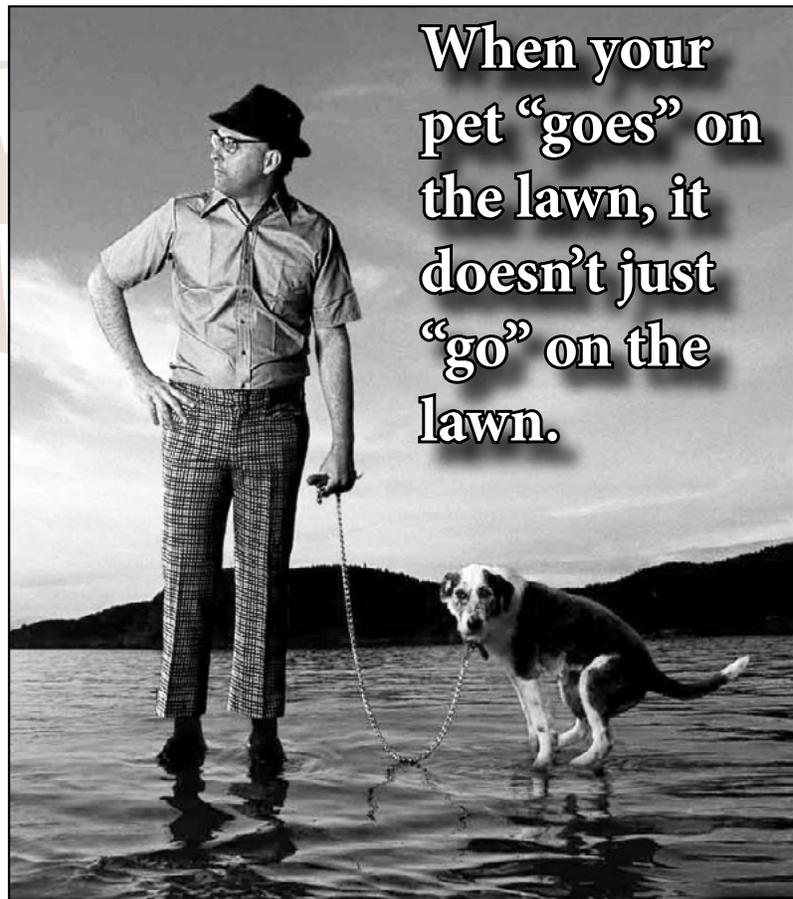

Bulk trash pickup, for those homes scheduled for the first Monday of the month, will not be affected during the Labor Day office closure.

Residents are reminded that the possession and use of fireworks are prohibited.

Keeping our drinking water clean takes the whole family's efforts

When our pets leave those little surprises, rain washes all that waste and bacteria into our storm drains. It then pollutes our waterways. What to do? Simple. Pick up after your pet and flush the waste down the toilet. Then that little surprise gets treated like it should.

For more ways to help safeguard our waterways, visit www.prospertx.gov/stormwater.

When your pet "goes" on the lawn, it doesn't just "go" on the lawn.

Thanks to the City of Tacoma's Environmental Services for permission to modify their original poster.

Office hours: Monday-Thursday 8 a.m. to 5:30 p.m. Friday 8 a.m. to 5 p.m.

Annual Water Quality Report now available

If you're interested in what's contained in the water you drink, you need to check the Town's 2018 Water Quality Report. The report has detailed descriptions of not only the quality of your drinking water, but also what the water contains. The report is available online at: <https://www.prospertx.gov/wp-content/uploads/CCRWebPub2018.pdf>.

If you would like a hard copy of the report, please send an e-mail message to Tristan Cisco at tristan_cisco@prospertx.gov or call her at 972-347-9969 and she'll mail you a water quality report pamphlet.

Pamphlets are also available at Town Hall, 200 S. Main Street.

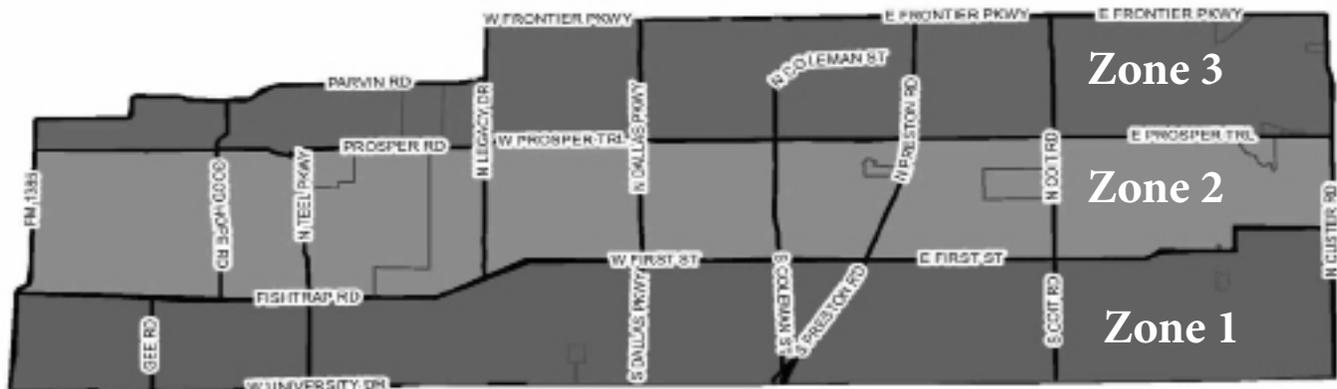

Sign up for Water My Yard recommendations

We encourage residents to turn off the automatic setting on their irrigation system controllers and operate the system manually.

That allows residents to turn on their systems only when advised by the Water My Yard recommendation. While residents may water up to twice per week, once a week is enough to keep your lawn healthy.

Sign up for the free Water My Yard web site by visiting www.watermyyard.org and choose e-mail or text updates on watering suggestions.

Watering map and schedule

Between now and next Halloween, watering with automatic sprinkler systems may occur twice a week according to the following schedule.
